**Subject line:** Let's Show Up for Mower County

**Body:**  
[FIRST NAME/DEAR COLLEAGUES], with your help, more neighbors will be able to navigate the long recovery ahead as they rebuild their lives.

As some parts of life begin to return to normal, so many here in Mower County are still dealing with the impact of COVID-19. The global pandemic not only exposed unjust systems in our community, but it also widened existing divides and hurt people already vulnerable in our community.

The best way to close this widening gap and help more people thrive is for all of us to Show Up. That's why we are excited for you and your colleagues at [COMPANY NAME] to join this year's workplace campaign.

United Way of Mower County has always worked to serve those who are under-resourced, making sure everyone has access to health care, receives a quality education and can build a financially stable path. With generous support from people like you, we can make sure we're helping our community recover today and reimagining a future for Mower County that is more equitable, where everyone can thrive.

Join us today for this year's workplace campaign.

Thank you,
